COMPASS REVIEW MATERIALS

COMPASS is a computerized placement test that is used to evaluate students’ current academic skills in order to place them into the appropriate course levels. COMPASS is not a test that students can “pass” or “fail.” Scores are used to identify students’ strengths and weaknesses so that students are not placed into classes that are appropriate for each student. The test typically takes two hours to complete; however, there is not an established time limit.

2014-2015
Reason for selecting practical nursing as a career:

Please write a short essay on selecting practical nursing as a career. Tell us why you chose to apply at Southern Tech and what your future plans are.
Statement of Understanding

Program Admission Procedures & Program Delivery Method
I have received and understand the admissions procedures for the nursing program. I also understand Southern Tech’s PN program is flexible scheduling/independent study, and is not a traditional classroom lecture setting.

Admissions with Advanced Standing

The definition of Admission with Advanced Standing is: “The evaluation of an individual’s previous education experience and the application of such experience to the requirements of specific instructional area within a program of study.”

An applicant seeking Admission with Advanced Standing will be evaluated according to the following consideration:

- Each applicant must meet all general admission requirements for the Practical Nursing Program, (see admissions policy).
- Coursework submitted for advanced standing will not be approved if greater than five (5) years old.
- An applicant may be granted Advanced Standing for corresponding coursework completed at Southern Tech or another Technology Center, College, or University provided that a grade of a “C” or above was obtained.
- Challenge exams and skills competencies may be required when previous coursework doesn’t evenly correlate with Southern Tech’s Practical Nursing curriculum.
- Applicants seeking admission as a transfer student from another practical nursing and/or RN program must provide a letter of recommendation from the Coordinator/Director/ or Dean of the previous nursing program stating that the student was in good standing with that school at the time of withdrawal.
- Official transcripts from previous schools must be provided. Syllabi, course catalogs, and clinical schedules may be requested.

*It is important to keep in mind that students with transfer credit/advanced standing will not spend as much time in the program and this could affect the amount of financial assistance received.

Please select the following:

1. I am applying for advanced credit and have included transcripts and course syllabus. □ Yes □ No
2. I am applying for transfer credit and have included transcripts and course syllabus and a letter of recommendation. □ Yes □ No
3. If space is not available for the course(s) that qualify for advanced credit:
   _____ I am electing to repeat course(s)
   _____ I am electing to wait until space is available
**Computer/Laptop Requirements/Policy**
